## ***To get the best out of the disc***

***The disc is formatted into two sections:***

- The Digital Audio section – to play the audio from all compact disc players.
  - The Computer data section – **to install**, just click and save the files anywhere on your computer. (WinZip® Exe Format.)
1. The **MP3** Folder is where all the tracks are in 320bps format.
  2. The **VIDEOS** Folder is where the official videos are in MPEG video, and mobile phone Mp4 format.
  3. The **PICTURES** Folder contains the blueprints of all the tracks and the front cover of the album.

**View on how the disc will look when using your computer.**
